

**Felix-Fechenbach Berufskolleg  
Vocational Conference  
March 3 – 7, 2008**

**Summary of Events**

Participated in a hands-on computer demonstration of the use of virtual environments to enhance learning.

Discussed ideas for joint projects with conference attendees from various countries which included Germany, the United States, Chile, Finland, Lithuania, and Japan.

Attended a panel discussion with representatives of the German national board of training and education. Ideas about technical education in various countries were shared by panel participants as well as audience members. Atlanta Technical College representatives presented the group with information regarding the Work Ethic traits which are promoted by the Technical College System of Georgia (TCSG). This information was well received by the participants.

Discussed issues with the American Consule General, Matthew Boyse.

Attended exhibits and tours from international partners.

Attended various classes related to our programs. Met with students to ask them questions and respond to their questions.

Met with the Mayor of Detmold at City Hall.

Attended a presentation from Nainga Yee Mar, a representative of the International Centre for Technical and Vocational Education and Training (UNESCO-UNEVOC).

Participants discussed the possibility of expanding the exchange program to add new disciplines.
